DATE: 9/13/2016

SUBJECT: Request to approve a Standard Agreement Amendment to the FY 2014-15 through FY 2016-17 Multi-Year State Agreement with the Department of Health Care Services for substance abuse disorder services, for an overall decrease of \$31,880. All Districts.

RECOMMENDATION

It is recommended that the Board approve a Standard Agreement Amendment to the FY 2014-15 through FY 2016-17 Multi-Year State Agreement with the Department of Health Care Services to decrease funding in the amount of \$31,880, for an overall contract amount of \$9,432,565 to provide substance use disorder services.

DISCUSSION

On [January 27, 2015](#), the Board approved a three year Standard Agreement with the Department of Health Care Services for substance abuse disorder services, and on [May 19, 2015](#), [October 6, 2015](#), [February 23, 2016](#), and [March 15, 2016](#) subsequent amendments for increased appropriations were approved. This amendment decreases overall appropriations by \$31,880.

The State allocates State and Federal funding to counties for substance abuse prevention, treatment, and recovery services through a Multi-Year Contract for Substance Use Disorder (SUD) Services. The contract is for a three year duration (FY 2014-15 through FY 2016-17).

The funding components contained within the SUD contract include:

- 1) Substance Abuse Prevention and Treatment (SAPT) Block Grant for the purpose of planning, carrying out and evaluating activities to prevent and treat substance abuse.
- 2) Drug Medi-Cal benefits through the utilization of Federal and State funds available pursuant to Title XIX and Title XXI of the Social Security Act for reimbursable services rendered by certified Drug Medi-Cal providers. This includes the Intensive Outpatient Treatment programs provided by County Staff and a Narcotic Treatment Provider (Aegis Treatment Centers, LLC) for opiate withdrawal and treatment services.

OTHER AGENCY INVOLVEMENT/IMPACT

County Counsel has approved the contract as to form and legal effect.

FINANCIAL CONSIDERATIONS

It is typical for DHCS to produce multiple amendments throughout the course of the contract. As the Behavioral Health Department plans for these amendments, the County FY 2016-17 budget includes appropriations for the total FY 2016-17 contract amount (shown in the table below). The decrease included in this amendment is a result of a decrease to the

County's Federal share of Drug Medi-Cal funds. As the shares distributed to counties are based on national estimates, fluctuations are anticipated. This Standard Agreement Amendment is for existing services, and not related to the organized delivery system waiver recently presented to the Board.

No budget adjustment is required. The required match is covered by the Department's 2011 Realignment funding and is included in the FY 2016-17 budget. Approval of the amendment does not increase the level of General Fund support required by the Department.

Fiscal Year	Original Amount	Amendment 1	Amendment 2	Amendment 3	Amendment 4	Amendment 5
2014-15	\$2,486,368	\$2,537,853 (\$51,485 increase)	\$2,537,853	\$2,537,853	\$2,537,853	\$2,552,511 (\$14,658 increase)
2015-16	\$2,486,368	\$2,486,368	\$2,618,321 (\$131,953 increase)	\$3,503,530 (\$885,209 increase)	\$3,503,530	\$3,410,566 (\$92,964 decrease)
2016-17	\$2,486,368	\$2,486,368	\$2,486,368	\$2,486,368	\$3,423,062 (\$936,994 increase)	\$3,469,488 (\$46,426 increase)
Total	\$7,459,104	\$7,510,589	\$7,642,542	\$8,527,751	\$9,464,445	\$9,432,565

The \$3,469,488 contract amount for FY 2016-17 is funded by \$1,720,694 of Drug Medi-Cal Federal funds, \$1,691,491 of SAPT block grant funds, and \$57,303 of State General Funds.

RESULTS

This contract is an important funding source to the Behavioral Health Department to provide substance use disorder prevention and treatment services. Outcomes of these programs are articulated in the Department's Performance Measures, which are a part of the County budget process. The performance measure results for FY 2015-16 include:

- Of the approximately 714 substance use disorder treatment clients served in FY 2015-16, 92% reduced or eliminated their use of drugs and alcohol at the time of discharge, (658/714); and
- 85% of clients (445/525) also indicated that their satisfaction with treatment as either "Extremely Satisfied" or "Very Satisfied".

The funds received through this Standard Amendment Agreement to the State's Multi-Year Contract for SUD services help the County Behavioral Health Department achieve its mission of promoting safe, healthy, responsible and informed choices concerning alcohol and other drugs. That mission contributes to the efforts to achieve the desired communitywide result of both a "Healthy Community" and a "Safe Community".
